Sir:

AMENDMENT

In response to the Office Action mailed March 5, 1999, please amend the above-identified application without prejudice as follows.

In the Claims:

Rewrite Claims 1, 4, 5, 8, as follows:

4/26/99  
A  
SUB B1  
1. (Amended) A digital camera for use with a printer having predetermined process colors and printing process characteristics, said camera comprising:

an imager to capture images;  
an image processor with program memory for processing the captured image to produce an initially-processed image; and

additional program memory for further processing the initially-processed image to effect [one or more of the following: decompression, color space transformation into color planes that coincide with the process colors of the particular printer, re-sizing, rotation, and] compensation for the printing process of the printer.
